About Me

Highly skilled Shopify Developer with 2+ years of experience in building, customizing, and optimizing professional Shopify stores. Specialized in Shopify theme customization, Liquid coding, custom sections, store setup, and Figma/Canva to Shopify conversions.
I create clean, fast, and responsive Shopify stores that deliver high conversions and a seamless user experience. I've worked with international clients on Fiverr & Upwork, delivering modern store designs, custom features, bug fixing, and performance improvements.
My focus is to help businesses scale by developing Shopify stores that are visually appealing, technically strong, and fully optimized for growth
